Department of Commerce,
Office of the Secretary,
Washington, D. C.

Dear Sir:

We beg to acknowledge receipt of yours of February 20th in reply to our letter of February 9th, wherein we made application for an increase in our pack allowance in Cook Inlet, and to thank you for your prompt consideration of this application, although you could not see your way clear to consider our application favorably.

As stated in our application for permit for the season 1924, we did not contemplate operating conjointly with others in the Season of 1924, but in view of the reduction of our permit we have of necessity felt the advisability of operating with others and pursuant to the suggestion contained in your letter, that certain of the canneries in Cook Inlet were arranging to pack conjointly with others and thus reduce over-head expenses and that such consolidation seemed to be the only remedy, we have made a tentative arrangement, subject to the approval of your Department, to pack conjointly with the Cook Inlet Packing Company, Permit No. 79, and the Kamishak Canning Company, Permit No. 76, such operations to be conducted at our cannery at Seldovia. The taking of fish, however, to be done in strict accordance with the respective permit limitations.

If this arrangement is not objectionable to your Department, may we have an expression of your approval thereof.

Very truly yours,
ALASKA YEAR-ROUND CANNERIES CO., INC.
